## Good News October 2018

### Prayer for October

Praised be you, my Lord, with all your creatures, especially Sir Brother Sun, who is the day and through whom you give us light. And he is beautiful and radiant with great splendour; and bears a likeness of you, Most High. Praised be you, my Lord, through Sister Moon and the stars, in heaven you formed them clear and precious and beautiful. Praised be you, my Lord, through Brother Wind, and through the air, cloudy and serene, and every kind of weather through whom you give sustenance to your creatures.  
(from the Canticle of the Creatures, St Francis of Assisi)

The streets we will pray for this month are: Swandene, Sylvia Close, Tabard Gate, The Byeway, The Causeway, The Close, The Court, The Crescent, The Dunes, The Fairway, The Glade.

### Annual Memorial Service - Sunday 4 November 3.30pm

All are welcome to attend this service when we pray for our loved-ones who have died. If you would like someone's name read out, then contact Mark, the vicar. Refreshments follow the service.

## Letter from the Vicar

As the seasons turn and the nights draw in, I was particularly struck upon leaving the church after an evening service by the natural beauty of this corner of God's earth. It was just past sunset, stars were appearing, all was quiet, there was that fresh, alive evening smell. On another evening I might have seen the bats who throng the churchyard (but thankfully not, it seems, the church roof, what with our impending project!) And then in daylight we have the birds of Pagham Harbour Nature Reserve, our beautiful gardens and then creatures great and small with whom we share our lives. This sets the scene for our annual Pet Blessing in a few days' time (Sunday 7 October 3.30pm in church) when many dogs, a few cats, some hamsters, even chickens gather to be blessed. Why not someone surprise me this year, by a different species appearing at the altar?! This lovely service is a nice way to thank God for the creatures and the earth He has given us as such an enrichment of our lives. Last year our new labrador puppy, Murphy, was blessed, so it will be good to bring him again.

The service is also an opportunity to be reminded of our great responsibility

for said creatures and creation. God has put human beings as stewards and caretakers over the other animals and the wide earth. How have we as a race fared? I think we all know it's a mixed answer and that the future of our earth does not look so great. Global warming, extreme weather, using-up of resources, destruction of habitats, extinction of species are some of the many alarming features of our poor stewardship.

Yet, each time any of us acts differently there is hope. Whether we feed the birds or grow vegetables or love and care for our pet or admire a sunrise or sunset, we are part of a different story of harmony between man, nature and God. St Francis of Assisi is the popular and well-known saint famed for his love of God's creatures. He would commune with them and apparently they would respond to his sermons. In fact, without getting way above my station, some of the creatures respond to me in the Pet Blessing, although I am not always sure they are sounds of approval.

Many of us commune with the creatures and with nature in this part of the world, so let us continue along that path and thereby (with St Francis) praise God through all His creatures.
