

# Good News

## December 2020

Dear Friends,

Good News comes to you this month in a slightly different form. I share with you a booklet of reflections, prayers and activities for each day of Advent- which I hope are suitable for all ages and whether you live on your own or with a house full.

It is my hope that, whether we manage to return to church during this time or we continue to worship at home, we still feel as though we are journeying these days of Advent together. Taking steps towards Bethlehem, towards the crib and towards the celebration of the most wonderful and generous outpouring of love that we will ever know in the incarnation, Emmanuel, God with us.

Please do share (safely!) your thoughts, prayers and the products of your activities with each other and with me as we go!

You will also find attached the NEW Parish Prayer list- this has had a little revamp and you will see that we will now be praying for the whole community over a two month cycle. One side of the page for 6months of the year and the reverse for the other 6months, turning the page each month- it will all become much more clear when you take a look! Copies of this will be available in church. Please put a copy in your prayer book/ by your front door/ on the fridge- anywhere that will help you to remember to keep praying for one another and the whole community, on a daily basis.

And so may we continue to pray for one another, for those who find this time of year difficult, for those who are finding this year particularly difficult.

Every blessing to you all in this season of preparation.  
Mthr Lucy
